- Section11: [General \(Non-Philatelic\)](#)

Please ensure that the current Catalogue References, as now listed, are quoted when requesting loans.

### IMPORTANT

Please destroy any previous list held.

# THE BRITISH WEST INDIES STUDY CIRCLE

## LENDING LIBRARY:INTRODUCTION

Because of the restrictions imposed by the terms of our Insurance Policy, the B.W.I.S.C. Lending Library is primarily restricted to the use of United Kingdom (UK) members of the study Circle by means of Postal Loans. Members normally resident overseas (including Europe) may, of course, also use the library during any temporary residence in the UK, i.e. whilst on holiday, but any item borrowed must be returned before the member leaves the UK.

The Literature owned by the Circle is listed in the Catalogue in as great detail as possible. It should be noted that each item is listed once only but in some cases a cross reference has been included, drawing attention to other sections of the Catalogue which may be pertinent.

Each entry in the Catalogue follows a standard pattern. The Catalogue Reference of the item (e.g.2.3.4.2) is self-explanatory as will be seen, on the extreme right of each entry is a "Location Index" (A3, B4, etc) The TITLE of the item is then given in CAPITAL Letters. In some cases the title is followed by the letter "V" or "H" in brackets indicating that the item is of a high value or scarcity(V) that despatch will only be by REGISTERED LETTER POST; or of such bulk and heaviness(H) that postal costs may be high.

The second, and any subsequent, line of each entry is in lower case letters and details the Author(s), Publisher, date of publication, where known. Details are also given of the relevant Edition, Reprint, Facsimile copy or revision and the number of copies held is quoted in figures in brackets at the end of the entry. Some gaps in the referencing system occur to allow for future expansion.

Although the Library has been steadily expanded over the past few years there are still many items which could be usefully added particularly in the General Philatelic Section. There must also be many pamphlets, research papers and articles in existence with matters of pertinence and/or interest to many of us. Offers of such items either by sale or by gift are always most welcome.

A number of the Auction Catalogues are held without any "Prices Realised" and these may be identified by the (\*) which marks them. If any member holds any of these would they loan them for photocopying. The Catalogues would then at least be complete.

---

# THE BRITISH WEST INDIES STUDY CIRCLE

## LENDING LIBRARY

### RULES

1. Books etc. may be borrowed by members residing in the United Kingdom and no items will be despatched to an overseas address.
2. Requests for loans must be in writing quoting the Catalogue number and title of each item required.
3. No charges are made for the loan of items but all postal costs both ways must be borne by the borrower. Surplus receipts will be devoted to the Library Fund.
4. All items are Insured against loss from the time of despatch until return to the Hon. Librarian. The terms of the Insurance Policy require that a Certificate of Posting be obtained from the Post Office if a claim for any loss is made. If any item is lost and the Certificate of Posting cannot be produced.

The borrower will be held responsible for replacing the lost item.

5. Books and other items are despatched in secure packing. Where "ENVOPAKS" are used these should be retained for the return of items and failure to do so will entail replacement charges being raised. Items must be returned by the same means as sent i.e. an item despatched by Registered Letter Post must be returned by Registered Letter Post.
6. There are no restrictions on the number of items which may be borrowed at any one time but members are requested to limit their requests to no more than six per loan.
7. The loan period is six weeks from the date of despatch to the date of return. Where more than one item has been borrowed all items should be returned at the same time.
8. Extension of the original loan period may be given at the discretion of the Hon. Librarian. Requests for extensions should be made in sufficient time to allow a reply to be made before the end of the original loan period. Extensions will not usually be given for an item requested by another member. Any extension will be for a maximum of four weeks and only one extension per loan will be given.
9. The Hon. Librarian may vary the original loan period at his discretion to ensure that the return of items does not take place at times when mails may be subject to delays or disruptions (e.g. over the Christmas period)
10. Members are to take great care of books whilst in their possession. The paper, and bindings, of some older books are more easily damaged than modern works due to brittleness of paper, glue etc. Please do not "Dog-ear" pages, or bend spines more than 180 degrees. Particularly do not subject to photocopying. Please ensure that young children, pets etc. do not have free access to items as they can, unwittingly, cause damage.

# THE BRITISH WEST INDIES STUDY CIRCLE

## LENDING LIBRARY: LOAN PROCEDURES

1. Requests for loans are to be in writing and addressed to:  
Hon. Librarian, B.W.I.S.C..  
“Mayville”, Sherwood Drive, New Ollerton, Newark, Nottinghamshire, NG22 9PP  
E-mail pam@jakeslegal.co.uk
2. No acknowledgement will be made unless the request is accompanied by a stamped addressed envelope for this purpose.
3. The Hon. Librarian allots a Loan Reference Number to the request, the items requested are selected, packed and despatched as soon as is practicable, the borrower advised under separate cover (a requirement of the Insurance Policy) the items being sent, the date of posting and the expiry date of the loan. This will be accompanied by a Receipt Form which is to be signed by the borrower as soon as the items are received and returned to the Hon. Librarian; an unstamped but addressed envelope being provided for this purpose.
4. The borrower will be informed of the total costs involved the amount being shown on the Receipt Form. These costs are to be sent with the Receipt and may be in the form of UNUSED postage stamps, cheque, Postal Order or cash but the latter ONLY by REGISTERED letter post. Cheques and Postal Orders sent should be made payable to "D. M. Nathan".
5. Items will normally be sent by the cheapest post method commensurate with the value or scarcity of the material concerned. Where the value of the items exceeds £50 Registered Letter Post will be used. No package will exceed £200 in value(These limits are in accord with the Insurance Policy) Whilst the Recorded Delivery Letter service will still be used it must be noted that this method is NOT secure as internal movement of such letters whilst in the Post Office system are not recorded and losses of material sent by this means are not uncommon. Furthermore the amount of compensation which can be claimed is very limited. High postal costs are, therefore, to be expected.
6. The borrower returns the items by the due date ensuring that a Certificate of Posting is obtained from the Post Office. This Certificate is to be retained by the borrower for a sufficient period to allow the items to be delivered plus time which may be needed by the Hon. Librarian to contact the borrower if the items are not received or delivered within a reasonable time of loan expiry date or if damage and/or loss has occurred during transit. Certificates should therefore be kept for a period of about four weeks before being destroyed.
7. Any correspondence concerning the loan should be by First Class Letter Post to reduce postal delays.
8. Please remember that an item requested might already be on loan and it is also not unknown for mail to go astray. Generally, if you have not heard from the Hon. Librarian within two weeks of a request something unusual has happened.  
Enquiries can be made by telephone by dialling 0181 942 3881

### THIS IS THE SMALLEST SECTION OF THE CATALOGUE !

There must be more information in published form. Here are a few examples which we do not hold:

"BRIDGING THE ATLANTIC" by N.C.Baldwin.  
"THE AERO FIELD" - running to at least 45 Volumes!!  
"ZEPPELIN POST KATALOG" Sieger's

There is no bibliography about West Indian Air Mails. If YOU have any published work please drop a line to the Hon. Librarian. He can keep a note of such items and might be able to find them - with luck and searching !

THANKYOU

7. 1. 1. 23	THE PHILATELIST & PHILATELIC JOURNAL OF GREAT BRITAIN VOL.4 - 1984 - 86	C2
	Note: vols.33 to 39 inclusive contain 12 issues each; vols.40 and 41 contain 10 issues each. The first volume of the amalgamated series comprise vol.49 of the Philatelist and vol.91 of the P.J.G.B. All the above are complete (except for vol.33) and each volume has its own annual index except for vols.37 & 41 are not held. Each issue also has its own "whole number" but as these were often duplicated and not subsequently corrected some confusion will exist if these whole numbers are quoted. This confusion is compounded as each issue of the amalgamated series bears two different "whole numbers" depending on which original title is being referenced.	
7. 1. 1. 24	THE PHILATELIST - VOL.1:1867	C2

### AUCTION CATALOGUES

#### Notes:

- 1 No Auction catalogue listing can be completely selective in any detailed or specialised way. To provide details under "Country" headings would, for example, entail enormous duplication. To give as much information as possible this section has been divided into ten "parts" as follows:
  - Part 1 - Material of a comparatively specialised nature.
  - Part 2 - Sales restricted to British North America and British West Indies.
  - Part 3 - Major Sales containing a large proportion of British West Indies material.
  - Part 4 - Sales of Material from "Named" collections and listed under the name of the country mainly covered.
- 2 Other than for Specialised material and "Named" collections, Sales are listed mainly by their Sale Number and the dates of the sales. To help members the listings have been annotated where a particular sale appears to have an above average strength in a particular country or subject. In some cases these include "named " collections.
- 3 Most catalogues contain "Prices Realised" but where they are NOT held this is indicated by an asterisk against the Sale Number or in the subheadings.
- 4 Some Catalogues have been cut or defaced due to the fact that they come from various and private sources.
- 5 When requesting the loan of Catalogues please ensure that the Sale Number is ALWAYS quoted in addition to the Catalogue reference and location.
- 6 In addition to those listed there is a large number of Auction Catalogues unclassified but available for members inspection AT THE LIBRARY only. Due to the considerable growth of Auctions this section is undergoing extensive re-classification, the list is now over 18 pages in length. It is felt that this is an inappropriate medium for these details. The librarian can supply a photocopy of the original list to members and will consider requests for specific requirements.
  - Part 5 - General Sales - Stanley Gibbons Ltd.
  - Part 6 - General Sales - H.R. Harmer Ltd.
  - Part 7 - General Sales - Robson Lowe Ltd.
  - Part 8 - General Sales - Temple Bar Auctions
  - Part 9 - Literature Sales.
  - Part10 - Sales by Auction Houses (other than those above) which contain material of use to BWI collectors.
